2020 IATDMCT Annual General Meeting

The next International Association of Therapeutic Drug Monitoring and Clinical Toxicology Congress, Exploring New Frontiers in TDM and Toxicology, will take place September 13-16, 2020, Banff, Canada

The Local Organizing Committee for the 18th Annual Meeting of the IATDMCT supports the fundamentals of research and education as it relates to TDM and CT internationally.

The work of the Local Organizing Committee shall reflect the values of IATDMCT:

- represent many different cultures and people.
- improve therapeutic management of patients and the practice of medicine worldwide.
- Inclusiveness and broad participation are considered key to ensuring adherence to these principles and the success of the IATDMCT.

Scientific Sessions will be evaluated on the basis of

- a-relevance/importance of the topic,
- b-equal distribution of TDM versus Clinical and Environmental Toxicology topics
- c-quality of the proposal

Scientific Sessions will be evaluated on the basis of

- a-regional diversity.
- b-gender diversity.

Final decision for speakers and content rests with the Scientific Committee for the 2020 Congress.

Reminder for Scientific Session Proposals

- 2 hour Symposia (3-4 speakers)
- 1 hour Symposia (2 speakers)
- ½ hour Single Speaker Sessions

- Pre- and Post- Congress Symposia

Submit your proposal: <http://www.iatdmct2020.org/>

Please submit your proposals by November 15 at the latest.
