## 19th Congress in Rome, Italy, September 19-23, 2021!

### IATDMCT 2021, on-site and virtual participation

#### Important Links

- Online registration: <http://grupposymposia.onlinecongress.it/IATDMCT2021>
- Congress Agenda: <https://iatdmct2021.org/program/>
- Info on virtual participation: <https://iatdmct2021.org/virtual-congress/>
- Template for slides presentations: <https://iatdmct2021.org/info-for-authors/>
- Information for sponsors and exhibitors: <https://iatdmct2021.org/sponsorship/>

Registration for the hybrid Congress is "Virtual" or "On-site" participation. The authors that have oral presentations and cannot travel due to international restrictions can register and present virtually. Authors of posters who can choose the Poster Printing Service and register the virtual participation. **Registration will be open until Sunday 12 September at midnight CEST time.**

### IATDMCT 2021 detailed program

[Click here](#) for the detailed Congress program.

The 19th IATDMCT Congress will be held in Rome, Italy from September 19th to 22nd, 2021. The members of the scientific committees worked several months with the members to propose and to implement the different specific of their personal work. Also, the Local Organizing Committee and the Chair of the Rome Congress, Professor Mario Regazzi, works tirelessly to organize an informative Congress and we are convinced that all attendees will contribute to a vibrant atmosphere by generously sharing their professional experiences and expertise.

Mario Regazzi and Franco Locatelli will open the Congress, welcoming us in Rome. The President of our association, Yusuke Tanigawara will address the welcoming speech of the IATDMCT.

A special proposal of Prof. Regazzi is to integrate in the meeting other societies such as Italian Society of Paediatric Medicine. This initiative works as an intersociety collaboration in which the paediatric medicine professionals will learn from IATDMCT members and we learn what are the problems that we can solve in paediatric medicine. The intersociety session includes pharmacometrics and precision medicine in children. The scientific platform is constitutive of registrants and speakers from 20 countries. The program will include symposia, sessions of oral papers, and posters.

The important message within this context for us, the laboratory medicine specialist, is to continue to work as a team, to learn from each other, to consult each other and to participate at the IATDMCT.

Professor Regazzi would like to extend the invitation to all our members to join IATDMCT – Rome, Italy.

To keep updated on all news of IATDMCT 2021, **Constanza A. Pelissero**, the Digital Communications Officer, Symposia invites us to follow the events on **Facebook**, **Linkedin**, **Instagram** and **Twitter**!

## News from the Communication Committee

The Communication Committee would like to inform the membership that advertisements for professional positions (Ph.D. and Post-Doc job opportunities) in the field of TDM/CT, will be published in the E-news instead of on the IATDMCT website. Please e-mail the office with the advertisement for the position and it will be published in an upcoming monthly E-news. (IATDMCT office email: [info@iatdmct.org](mailto:info@iatdmct.org))

Some of our members are currently conducting clinical tests for COVID-19 and/or trying to introduce new biomarkers to monitor recovery. Certainly it is our duty to continue also the routine work. Keep safe.

Below please find informative links about the current situation, which specifically addresses the rapid identification of COVID-19 cases as well as adverse reactions due to interaction of drugs:

## IATDMCT Blog: Interview with Antonio D'Avolio

This month, prior to the Rome congress, we finalise our interview series with Italian scientists and hear from Sara Baldelli and Bianca Maria Goffredo. Both women have had very interesting careers and have unique perspectives about what the future holds for the fields of TDM and clinical toxicology.

We hope those of you attending the congress will have a wonderful time, learn a lot, and enjoy coming together after such a long period apart. Those of us joining virtually will be with you in spirit, and I hope it's not too long before we can all meet again.
