

International Association of Therapeutic Drug Monitoring & Clinical Toxicology
Annual General Meeting | Monday, September 22, 2025

A wide-angle nighttime photograph of the Marina Bay Sands hotel and the Esplanade - Theatres on the Bay in Singapore. The hotel's three towers are brightly lit with purple and blue lights, and its skybridge is visible. The Esplanade's distinctive lotus-like architecture is illuminated with purple light. In the background, the Singapore Flyer is visible, and the water of Marina Bay reflects the city lights. The word "Welcome!" is superimposed in the center in a large, white, serif font.

Welcome!

Council & Scientific/Section Committees meeting 2025

- Use of financial resources; strategic plan 5-10 years
- Awards:
 - Victor Armstrong Young Scientist award: annually
 - PhD thesis award: annually
 - 2-3 new awards to be developed
- Neuropsychiatric Drugs, Central Nervous System Drugs Committee
- Exploring “certification program” of TDM and CT.
- Improved management system for members/committees
- Stronger emphasis on publishing consensus-guideline papers in TDM

Annual General Meeting | Monday, September 22, 2025

Past-President Report

Dario Cattaneo
Humanitas University, Milan, ITALY

Proposal to create a SC on the TDM of CNS drugs* (TDM in neuropsychopharmacology)

- ✓ TDM is routinely performed in clinical practice at most centers worldwide (e.g., anti-epileptics)
- ✓ This is a rapidly evolving field, with new drugs and new formulations, such as long-acting injectable antipsychotics
- ✓ Updated guidelines are currently lacking
- ✓ Several members of the IATDMCT are actively involved in this area (e.g., 20 presentations at the Singapore meeting)

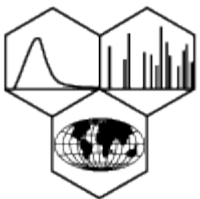

***Antiepileptics, antidepressants, antipsychotics, mood stabilizing drugs, anxiolytics , drugs for the treatment of ADHS**

Call for expression of interest

- ✓ We invite interested professionals—clinicians, researchers, pharmacists, and other experts—to join this multidisciplinary committee. Your expertise and insights will be invaluable in shaping the future of TDM in neuropsychopharmacology.
- ✓ If you are passionate about this field and wish to contribute to scientific discussions, research initiatives, and guideline development, please express your interest by sending a mail to:

office@iatdmct.org

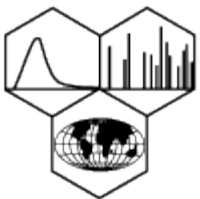

And finally...

Our Society has changed a lot, becoming more focused on key issues like gender, geography, and age equality, while also setting up regional structures...

However, my final ask to the new Council and Executive members is to never forget where we come from... **A small, tight group of friends with shared interests and a family-style vibe**

*Thank
you!*

Chair: Professor Jesse Swen

Leiden University Medical Center (The Netherlands)

Vice-Chair: Doctor Erika Cecchin

Centro di Riferimento Oncologico di Aviano, National Cancer Center (Italy)

PGx Committee - Major achievements in 2025

- Two contributions to COMPASS
 - **‘Pharmacogenetics and gender medicine: a key synergy for personalized therapies’** by Ele Cecchin, S Gagno, B Posocco, JJ Swen, E Cecchin
 - **‘Closing the ethnicity gap in pharmacogenomics: insights from tacrolimus pharmacokinetics and the impact of CYP3A5*6’** by A Levens, DJ Moes, JJ Swen, together with *Immunosuppressive Drugs Committee*
- Contributed one Episode to IATDMCT Podcast ‘Eight Drugs A Week’
 - **‘Pharmacogenetics: Here, There and Everywhere’** with E Cecchin & JJ Swen (Episode 13)
- Two Symposia Organized for IATDMCT 2025 – Singapore
 - One Symposium by the PGx Committee - **“Prospective implementation of pharmacogenomics in the clinical practice: NGS versus targeted genotyping strategies”** – Speakers: R Conyers, Y Tanigawara, A Somogyi, JG Shin
 - One Joint Symposium by the PGx –Oncology Committees - **“Towards integration of Pharmacogenetics and Therapeutic Drug Monitoring (TDM) in Clinical Practice of oncology patients** – Speakers: B Chowbay, N Helsby, C Largiader, S Ackland
- Five new members have joined the Committee, a new Vice-Chair unanimously approved
 - **Prof Fabienne Thomas- Institut Universitaire du Cancer Toulouse – Oncopole, France**

2024/2025 Scientific Contributions

- IATDMCT 2025 **Symposium**: Model-informed precision dosing of biologics: new modalities and pediatrics
 - Wednesday, September 24, 2025 (10:30 AM - 12:00 PM) – Grand Copthorne Waterfront Hotel - Waterfront Ballroom II
 - Joint Symposium, together with *Pharmacometrics* Committee
- **Compass article** about the potential for dose individualization of trastuzumab deruxtecan (Dirk Jan Moes)
 - Next issue (September)
- **Consensus Paper** TDM of Adalimumab
 - Led by Dirk Jan Moes
 - Builds further on the Adalimumab Monograph [<https://tdm-monografie.org/adalimumab/>]
 - Similar to our previous paper on TDM of Infliximab [<https://doi.org/10.1097/ftd.0000000000001204>]
- **TDM of Biologics Symposium**, endorsed by the IATDMCT
 - 6 December 2024, OBA, Amsterdam, The Netherlands [<https://www.tdm-of-biologics.nl/>]
 - Organizing Committee led by *TDM of Biologics* member Dr. Floris Loeff
- **TDM of Biologics members**:
 - 25
- **2025/2026**:
 - Chair Dirk Jan Moes will step down as the Chair of the TDM of Biologics committee. He will join the Executive Committee of Directors of Education. Congratulations, and THANK YOU to Dirk Jan for his commitment and leadership over the past year!
 - Erwin Dreesen will be the new Chair. The Vice-Chair position is vacant (dd. 30 August 2025)
 - Plans
 - Submit Consensus Paper TDM of Adalimumab, New Compass article submission, Expand member base, Create WhatsApp group for members to facilitate communication, Create Google Drive to facilitate Committee management, Submit Symposium proposal for IATDMCT 2026, Organize a Webinar, 2 narrative review papers (in collaboration with COST Action ENOTTA).

COMPASS

Compass | Quarterly Newsletter

Purpose of Compass:

- For IATDMCT committees or members to showcase or highlight recent work or activities
- Engage the young scientist members of IATDMCT so they can stay informed about the upcoming IATDMCT activities happening across the globe (eg. Congress, Regional meetings, workshops, symposia) and participate
- Feature award winners and highlight their work to inspire the other members
- To spread the message of the IATDMCT and promote diversity, equity and inclusiveness for all the members

The IATDMCT Compass Editorial Team is recruiting an Associate Editor!

The Associate Editor will support the Editor-In-Chief in the publication of the Compass magazine on a quarterly basis. Compass showcases the contemporary research and activities of the IATDMCT scientific committees and members.

It is a great opportunity to gain editorial and design experience and learn more about scientific advances in TDM & CT!

We are looking for a professional who is interested in TDM and CT:

1. Having experience in scientific publication and good command on English language
2. Proposing the contents and communicating with scientific committees for contributions
3. Developing visual/graphical contents
4. Brainstorming of ideas for the Compass (and other social media posts)
5. Editing and proofreading of the COMPASS contributions
6. Maintaining a close communication with the COMPASS Editor-in-chief

Please submit expressions of interest and a curriculum vitae (CV) to **Smita Pattanaik** (pattanaik.smita2018@gmail.com) and **Sherilyn Wong** (sherilyn.wong37@gmail.com), or email for more information.
